As an historical note, USDA's food inspection service participated in and provided a panelist for the public hearings on Rodenticide Bait Stations that were held in 1983 (CM2) and 1984 (CFDA building, Sacramento, CA). USDA's main focus was on spillage and out-tracking of bait.

By coincidence, I later coached one of the kids of the USDA's panelist in youth soccer.

▼ Jennifer Gaines---03/03/2010 01:40:17 PM---Hey guys, This is the document I was referring to in case you want it on file.
